

Die-free after every punch!

Efficient punching with Speed Punch™, Slug Buster® and Slug Splitter®.

Greenlee punching tools are set apart by technical innovations and high quality. Extremely simple handling and fast operations are a matter of course.

The Speed Punch™, Slug Buster® and standard tools are suitable for punching steel, aluminum and plastic. The Slug Splitter® range is also suitable for stainless steel.

Fix the die and start punching.

- For holes from 12.5 mm to 143.7 mm.
- For sheet metal up to 3.5 mm thickness.
- Extremely high capacity and long durability.
- For hydraulic and manual operation.

Efficient punching and splitting: *Slug Buster® and Slug Splitter®.*

- ▶ Patented punching profile **splits the slugs into two halves..**
- ▶ Innovative cutting edge shape reduces effort.

Benefits:

- ▶ The slugs fall free from the die, saving you time.
- ▶ Increased efficiency due to fast operations for little effort.
- ▶ Prolonged service life.

▶ *More from Page 532.*

Fits any tool:

Greenlee tools are compatible.

- ▶ All **punching tools are compatible** and can be used with drivers from other manufacturers.

Benefits:

- ▶ The investment framework remains manageable.

Fast. Faster

- ▶ Up to 3-times faster than conventional punching tools.
- ▶ Compatible with all Greenlee hand-operated and battery powered hydraulic tools.

Benefits:

- ▶ Saves a lot of time, as there is no need to screw and unscrew the counter nut.
- ▶ In combination with the LS50-L FLEX battery powered hydraulic punch, the best possible solution for speed and performance.
